CM REVANTH REDDY GREETES MUSLIMS ON BAKRID

The Democratic News Hyderabad, May, 27

Chief Minister Revanth Reddy extended heartfelt greetings to Muslims on the occasion of Eid al-Adha, describing the festival as a symbol of selflessness, sacrifice,

and devotion to Almighty God. In his message, the Chief Minister said Muslims across the world celebrate Bakrid with deep reverence, commemorating the spirit of ultimate sacrifice and unwavering faith in God.

He stated that the festival reminds humanity of noble values such as sacrifice, charity, faith, and humanism. Revanth Reddy noted that Bakrid inspires people to remain steadfast on the path of righteousness despite hardships in life.

The Chief Minister further said the festival conveys the message that there is no greater act of charity than sharing one's blessings with the needy during difficult times.

'DEFEATED MILITARI-LY,' ENEMIES WAGING HIDDEN HYBRID WAR: IRAN INTEL MINISTRY WARNS

The Democratic News Tehran, May, 27

Iran's Intelligence Ministry says the enemies, having failed to achieve their professed objectives through military aggression, are now intensifying attempts to destabilize the Islamic Republic through economic pressure, cyberattacks, terrorism, and psychological warfare.

In a statement released on Wednesday, the ministry said hostile powers are seeking to compensate for their defeat on the battlefield by escalating a "hidden intelligence-security war" against Iran. "The enemy, defeated in military war, is seeking to produce achievements for itself, even

through soft war," the statement said. It added that the enemies openly pursued the overthrow and partition of Iran during the recent war but failed to realize those goals through military assaults.

The US and Israel initiated a war of aggression against Iran on February 28, some eight months after they carried out unprovoked attacks on the country, martyring Leader of the Islamic Revolution Ayatollah Seyyed Ali Khamenei.

Sooryavanshi, Archer power Rajasthan Royals to Qualifier 2

Mullanpur: The cricketing world once again bowed down to the generational talent of Vaibhav Sooryavanshi following his six-laden 97 off 29 balls before Jofra Archer broke the backbone of Sunrisers Hyderabad's muscular batting to set up a 47-run win for Rajasthan Royals in the IPL Eliminator here on Wednesday. Rajasthan Royals slipped to 243 for eight after an ordinary last five overs but the runs proved more than enough for them against a power packed Sunrisers who exited the tournament after getting all out for 196 in 19.2 overs.

OWAISI URGES DHARMENDRA PRADHAN TO POSTPONE DU EXAMS ON BAKRID

Hyderabad: All India Majlis-e-Ittehadul Muslimeen (AIM-IM) chief Asaduddin Owaisi on Wednesday, May 27, called on Education Minister Dharmendra Pradhan to intervene and postpone Delhi University's exams scheduled on Eid al-Adha on May 28, adding that the university is showing a "biased attitude" towards Muslim minorities.

"Sir Dharmendra Pradhan, kindly ensure that the exams are postponed. Delhi University is showing a biased attitude towards Muslim minorities. Will they also say the same thing when festivals of other communities are celebrated?" Owaisi wrote on X. He shared a video of university students protesting outside the campus.

On Wednesday, May 27, a student moved the Delhi High Court challenging the institution's decision, even as a public holiday was declared by the Union government.

PETA Should Not Interfere in Muharram Religious Traditions: Asghar Farshouri

Hyderabad, May, 28 Report by Baqar Ali

Janab Asghar Farshouri, President of Anjuman-e-Syed-us-Sajadeen, strongly reacted to recent remarks regarding Muharram processions and said that PETA should not interfere in our religious matters and traditional activities. He said that every year before Muharram, objections are raised targeting the religious traditions of the community, which deeply hurt the sentiments of azadars. Muharram processions in

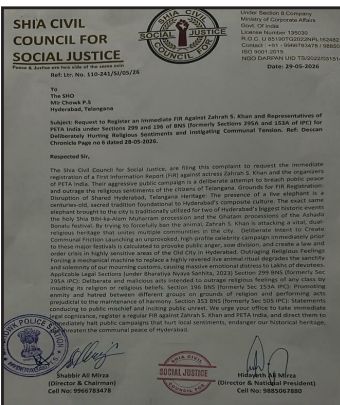

Hyderabad have a centuries-old history and are observed with discipline, devotion, and respect. Asghar Farshouri questioned that if PETA is truly concerned about animal welfare, then why does it repeatedly focus only on Muharram. He asked why similar objections are not raised regarding other cultural activities, films, and industries where animals are also used. He said selective criticism of Muharram traditions is unfair and unacceptable.

The religious customs and beliefs of every community must be respected. Constructive dia-

logue is welcome, but repeated interference in Muharram-related practices causes pain to the sentiments of thousands of devotees. He further stated that efforts are already being made at different levels to preserve Muharram traditions. In this connection, All India Majlis-e-Ittehadul Muslimeen has already made representations to the government regarding arrangements for an elephant for Muharram, and positive progress has been achieved on this issue. He said this reflects the seriousness and commitment of community leadership toward preserving the long-standing religious traditions associated with Muharram in Hyderabad. Meanwhile,

Shia Civil Council for Social Justice also condemned PETA's remarks and expressed strong objection over statements made against Muharram rituals. The organization has approached the police and submitted a complaint against singer Zahrah S Khan alleging that comments made by her had hurt the religious sentiments of azadars.

FARMERS PROTEST AFTER MUSLIMS BOYCOTT COW SLAUGHTER IN KARNATAKA'S HASSAN

The Democratic News Hassan, May, 27

Tensions prevailed in Karnataka's Hassan district after anxious dairy farmers threatened to escalate their protests following a decline in business triggered by Muslims' collective effort to boycott cow slaughter.

On Tuesday morning, May 26, several farmers arrived at the weekly cattle fair in Hassan, anticipating high demand, only to face a shocking reality. Many were left with no buyers, as the boycott on cow slaughter caused significant ripples, leading to a steep decline in cattle purchases.

For some farmers, the profit from these fairs every Tuesday from 4:30 to 8:30 am serves as a major opportunity to fund their upcoming crop cycles. Howev-

er, with the Muslim community announcing a boycott on the slaughter of cows, bulls, buffaloes, or oxen, the anxious farmers held a protest. They threatened to march their cattle to the Deputy Commissioner's office if their livelihoods were impacted.

"We have been selling cattle for generations; it is our primary livelihood," said Vokkaliga Gowda, one of the protesting dairy farmers. "Right now, I desperately need Rs 40,000 to purchase seeds and fertilisers for the upcoming agricultural season. I do not care if the money comes from the government, an independent organisation, or the Muslim community; I need it to survive. If they prevent us from trading our livestock, we will have no choice but to take out

AFTER POLL ROUT, IS BJP NOW TARGETING CPM'S WEAKEST MOMENT IN KERALA?

Thiruvananthapuram: The Enforcement Directorate raids at the residences linked to former Kerala Chief Minister Pinarayi Vijayan may not merely be another financial investigation. In Kerala's rapidly shifting political landscape, the timing of the action has triggered intense speculation over whether the BJP has finally decided to strike at the CPI(M) when the party is at its weakest point in decades. The raids come just 23 days after the Congress-led United Democratic Front stormed back to power with a stunning victory in the 140-member Kerala Assembly, winning 102 seats and reducing the CPI(M)-led Left Democratic Front from a commanding 99 seats to a mere 35. For Vijayan, who until recently exercised near-total control over both the government and the party apparatus, the electoral verdict was a crushing personal and political setback.

For years, Kerala remained one of the few states where the BJP struggled to make meaningful electoral breakthroughs despite ruling at the Centre for extended periods under both Atal Bihari Vajpayee and now under Narendra Modi. The BJP's inability to attract influential Congress leaders in Kerala has long frustrated its expansion plans. But political observers now believe the party may be recalibrating its Kerala strategy.

HM Amit Shah reviews security in Rajasthan, calls for '360-Degree Grid' along India-Pak border

Union Home and Cooperation Minister Amit Shah chaired a high-level security review meeting in Rajasthan's Bikaner to assess and strengthen security arrangements along the India-Pakistan International Border, officials said on Wednesday.

The Democratic News Hyderabad, May, 27

Union Home and Cooperation Minister Amit Shah chaired a high-level security review meeting in Rajasthan's Bikaner to assess and strengthen security arrangements along the India-Pakistan International Border, officials said on Wednesday.

The meeting held on Tuesday was attended by Rajasthan Chief Minister Bhajan Lal Sharma, senior state government officials, and the District Magistrates and Superintendents of Police from

Bikaner, Jaisalmer, Barmer, Sri Ganganagar, and Phalodi districts.

During the meeting, Union Minister Shah emphasised that under the leadership of Prime Minister Narendra Modi, the Union government is committed to ensuring the highest standards of security along the international borders.

He stressed the need for enhanced coordination between central agencies and the state government to strengthen border management and maintain internal security. A key decision taken

during the meeting was the formulation of a "360-degree security grid" for every border district. The framework aims to ensure

coordinated participation of local residents, state government machinery, and all security agencies to create a more comprehensive

and effective border management system. The Union Home Minister directed strict enforcement of a zero-tolerance policy against illegal constructions and instructed authorities to demolish all unauthorised structures located within a 15-km radius of the International Border. He also instructed officials to effectively utilise the '1930' cybercrime helpline for prompt response to cyber-related offences and stressed the need for robust implementation of the country's three new criminal laws to strengthen law enforcement and judicial processes.
